

**REMARKS / ARGUMENTS**

This application is believed to be in condition for issue because the "Brief Description of the Drawings" in the specification, as amended, now correctly corresponds to the figure numbers shown in the figures. In particular, the specification originally listed FIG. 6A, FIG. 6B, FIG. 7 and FIG. 8, however, the correct figure numbers, as shown in the original drawings are FIG. 6, FIG. 7, FIG. 8 and FIG. 9, respectively. No other changes to the specification or drawings are needed to address the inadvertent discrepancy in the figure numbers.

Accordingly, the Examiner is respectfully requested to withdraw the outstanding Notice of Drawing Inconsistency with Specification and to pass this application to issue at the earliest opportunity. Additionally, in an effort to further the prosecution of the subject application, the Applicant kindly invites the Examiner to telephone the Applicant's attorney at (805) 278-8855 if the Examiner has any additional questions or concerns.

Respectfully submitted,

---
